

AC114

Multi-Purpose Acid Cleaner • Degreaser

This special cleaner dissolves and removes rust, scale, lime, corrosion, excess concrete, soap scum, mortar, urine build-up and all water minerals. Designed for really tough jobs, this product's chemical action quickly penetrates, dissolves and emulsifies oils, dirt, soap scum and minerals in seconds. Ideal for all acid resistant surfaces. Rust inhibited! Economical, this product is concentrated and should be diluted with water prior to use, except in most severe cases. Leaves surfaces sparkling clean.

Uses

- Acid resistant metal
- Badly discolored grout
- Boilers, pipes
- Concrete cleaning
- Gas meters
- Heat exchangers
- Swimming pools
- Water lines and water meters

Benefits

- Removes rust, minerals, oils and soap scum.
- Concentrated, fast, very effective.
- Pleasant odor, nonflammable.
- Restores and rejuvenates many surfaces.
- Ideal for all acid resistant surfaces.

Properties

Acid type.....	Hydrochloric
Color	Blue
Corrosion to metals: Aluminum	Yes
Corrosion to metals: Magnesium.....	Yes
Detergency	Excellent
Emulsification.....	Very good
Foaming	Moderate
Fragrance.....	Mint - wintergreen
pH.....	Less than 1.0
Specific gravity	1.07
Wetting	Very good
Shelf life	1 year

Acceptance

Acceptable for use in federally inspected meat and poultry plants. Previous classification +A-3 for use as an acid cleaner in all departments.

Directions For Use

Read the entire label before using this product.

Perfect for removing rust, scale, lime, corrosion, concrete, soap scum, mortar, urine buildup and hard water mineral. Excellent for cleaning pipes, badly discolored grout, acid resistant metal, delimiting, etching concrete floors and concrete mixing trucks. *Not recommended for use on Formica® or other surfaces harmed by acid products. Test in an inconspicuous area prior to use if unsure. Do not use on aluminum or magnesium. Do not mix with other chemicals or cleaning products. Concentrated product will attack stainless steel.* DILUTE WITH WATER: For removing scale, oil, dirt and rust: HEAVY BUILD UP: Dilute 26 oz./gal. or 200 mL/L (1:5) with water. LIGHT BUILD UP: Dilute 6 oz./gal. or 50 mL/L (1:20) with water.

Safety

Keep out of reach of children. For institutional and commercial use. POISON: Contains hydrochloric acid. Avoid contact with skin and eyes. Wear chemical anti-splash goggles, suitable gloves and boots. Harmful if inhaled. Harmful if swallowed. FIRST AID: Remove contaminated clothing immediately. SKIN AND EYES: Flush skin and eyes immediately with large quantities of water for at least 15 minutes. Seek immediate medical attention. INGESTION: If swallowed, contact a poison control center immediately for treatment advice. Have conscious person take sips of water if able to swallow. Never give anything by mouth to an unconscious person. Do not induce vomiting unless instructed to do so by poison control center or doctor. INHALATION: Remove to fresh air. If not breathing, call 911 or ambulance, then administer artificial respiration, preferably mouth-to-mouth.

Available In

- Case/4 - 1 Gallon (3.78 L): Item #11404-00
