

PREDATOR SERIES PROPANE BURNISHERS

Productivity. Performance. Speed. Value.

21" & 24" Propane Burnishers powered by Honda's 390cc 13HP Engine

Predator Series propane burnishers are built with quality, heavy duty components, aluminum decks and much more. Designed and built by Betco to provide enhanced burnishing performance and increased productivity with Betco Floor Finishes. The flexibility and ease to move from job to job make the Predator a great choice for Contractors. The Honda's 390 CC 13 HP engine delivers the necessary power to maintain high speed to burnish floors in all types of applications. Features a new ergonomically designed handle, easily adjusted for enhanced operator comfort and reduced fatigue.

Applications

- Dry Burnishing
- Restorative Burnishing

Features

- NEW Ergonomically designed handle increases operator comfort and reduced fatigue.
- 360° fully adjustable pad pressure
- Flexible pad driver for maximum shine and performance in a single pass.
- Offset body design delivers easy access to those hard to reach areas
- Tilt back design for quick & easy floor pad change.
- Hour meter to measures productivity and simplifies scheduled maintenance.
- Drop-through handle design and quick lock fastener make propane tank replacement easy.
