

OPTIMA QT SERIES PROPANE BURNISHERS

Powerful Performance. High Gloss in seconds.

21", 24" & 27" Propane Burnishers powered by Kawasaki's durable 585 CC V-Twin 17 HP engine

The Optima QT Propane Burnishers were designed by Betco to provide the ultimate in high-gloss shine, when burnishing Betco Floor Finishes. Kawasaki's powerful 585 CC V-Twin 17 HP engine on a cast aluminum deck performance assure productivity and durability are assured. High quality and durable components such low emission catalytic muffler, low oil shutdown, auto shutdown, 12V battery start and more insure dependability. 21", 24" and 27" widths with a selection of options to meet the needs of any facility or contractor. Features new ergonomically designed handle easily adjusted for enhanced operator comfort and reduced fatigue.

Applications

- Dry Burnishing
- Restorative Burnishing

Features

- NEW Ergonomically designed handle increases operator comfort and reduced fatigue.
- 360° fully adjustable pad pressure
- Flexible pad driver for maximum shine and performance in a single pass.
- Offset body design delivers easy access to those hard to reach areas
- Tilt back design for quick & easy floor pad change
- Hour meter to measures productivity and simplifies scheduled maintenance.
- Drop-through handle design and quick lock fastener make propane tank replacement easy.
- Standard key ignition switch prevents unauthorized use.

Warranty

Engine: The Kawasaki engine is warranted for two years by Kawasaki against manufacturers defect. Refer to the Kawasaki Engine Manual for details.

Components: All other components (except wear items**) are warranted by Betco for three years.

*Specifications**

Productivity	25,000 / 30,000 / 40,000 sq. ft./hour
Engine.....	Kawasaki 585 CC V-Twin 17 HP
Catalytic Muffler	Yes
Engine Speed	3,600 RPM
Pad Size.....	21" / 24" / 27"
Pad Speed.....	1,800 / 1,600 / 1,350 RPM
Hour Meter.....	Yes
Starting System.....	12V battery
Tank.....	UL approved Steel Safety Fill
Handle.....	Fully adjustable welded steel
Handle Grips.....	Anti-fatigue
Certifications.....	EPA/CARB
Auto Shutoff.....	Yes
Oil Safety System.....	Automatic Shutdown
Deck Cast	Aluminum alloy w/ protective power coat finish
Available Options.....	Emissions Package & Centrifugal Clutch
Length	40" / 44.5" / 47"
Width	22.5" / 25.5" / 29.5"
Height	32" / 32" / 32"
Weight	226 / 236 / 246 LBS
