EF pH7 Neutral Floor Stripper

DESCRIPTION

An environmentally preferable low-odor neutral pH stripper perfect for use in places where a high pH stripper cannot be used. Contains no ammonia, butyl, caustic or other harsh materials. This product is safer for the user and the environment, and contains no VOC levels that exceed established regulatory limits. Ideal for use on synthetic flooring such as rubber, linoleum or anywhere a high pH stripper will damage the substrate.

DIRECTIONS

1. Sweep or dust mop the floor to remove any debris.
2. Dilute 1:2 to 1:6 with cold water depending on age and build-up of finish.
3. Apply liberally with a mop to an area small enough so as not to allow the product to dry. Be sure to completely cover floor to baseboards.
4. After 3 to 5 minutes, agitate the wet section with a scrubbing machine and stripping pad. Pick up solution using a mop, wet vac or automatic scrubber.
5. Rinse thoroughly with clear water to remove residue as necessary.

NOTE:

1. Do not use this product on wood floors or painted surfaces.

PRODUCT SPECIFICATIONS

Color:	Green
Odor:	Characteristic odor
pH:	8.0 – 9.0
Viscosity:	Water thin
Foam:	Low
Emulsification:	Excellent
Biodegradability:	Complete
Solubility:	Complete with water
Flash Point:	None
Storage/Stability:	2 years
Weight Per Gallon:	8.90 lbs./gal.
Freeze/Thaw Stability:	Keep from freezing
