Fury 20BB

Fury 2000  
Dust Control

Pacific's line of Fury cord-electric and battery burnishers offer plenty of options to handle the toughest tasks, yet put a brilliant shine on the floor after every use.

The cord-electric burnishers are equipped with 1.5 hp motors, carbon brush wear indicator lights and carbon brushes rated for 3,000 hours of operation. With indoor air quality being such a serious health concern today, the Fury 2000 Dust Control, with its dust control filter bags, will help control potential pollutants from entering your environment. Pacific's Fury 1500P burnisher comes with a moulded ABS base and Pacific's

Fury 1500DCP and 2000DCP burnishers are constructed of durable cast aluminum with a powder epoxy finish are able to withstand years of use.

The battery burnisher is equipped with a powerful 2.5 hp motor that is circuit breaker protected to guard against overheating and overload. The streamlined hood and tough polyethylene body provide the operator with a clear visual path and the durability to stand up to the toughest environments. Equipped with a dust control system for better air quality, the Fury 20BB covers more area with greater mobility.
