

Triumph™ 250 Spotter

Remove spots and spills effortlessly with the Triumph 250 spotter.

The Triumph 250 spotter extractor is the perfect complement to larger carpet extractors. This compact unit is designed to easily and conveniently clean small spots and spills, before they become permanent carpet stains.

The Triumph 250 spotter extractor has a powerful 2-stage vacuum motor, 55 psi pump, 91" of water lift and a 2.5-gallon solution tank and 2.5-gallon recovery tank. The Triumph 250 spotter extractor is compact and convenient to use. The Triumph 250 spotter comes standard with an 8' solution and vacuum hose, 4" clear plastic hand

tool and is built for daily use under rugged conditions. The easy-to-dump recovery tank makes emptying dirty water a breeze. This unit is simple, productive, and built to last. The Triumph 250 is especially suited for hotels, hospitals, long-term care facilities, child care centers, health clubs, office buildings, auto dealerships, correctional institutions and cleaning contractors.

Contact your Pacific distributor for more information on the Triumph 250 spotter extractor.
