

AX-IT®

Baseboard Cleaner and Stripper

A heavy duty cleaner designed specifically to remove the toughest soil and wax build-up from baseboards, this fast acting gel cleans and strips where a floor machine cannot reach. It will quickly remove multiple coats of floor finish or wax accumulation from baseboards, coves, stairs and other hard to reach areas. The stable gel clings to surfaces for complete contact. It comes in a convenient aerosol package, incorporating an inverted valve. It provides easy use for a wide variety of applications where superior cleaning strength is required – a real labor and time saver.

Uses

- All resilient tiles
- Baseboards
- Cove areas
- Floor machines and mopping gear
- Quarry, terrazzo and other hard tiles
- Stairs

Benefits

- Convenient, easy to use aerosol package, just point and spray for easy, accurate application.
- Powerful, fast acting gel dissolves multiple layers of soil and build-up without harsh caustics or metasilicates.
- Rinse free formula leaves no alkaline residue and does not require rinsing after removal of liquified build-up.
- Versatile, pleasantly scented, may be used for a wide variety of applications where superior cleaning strength is required.
- No CFCs. Federal regulations prohibit the use of CFCs in aerosol formulations.

Properties

Appearance.....	Colorless gel
Flammability	Nonflammable per CPSC flame projection test
Fragrance.....	Sassafras
Net weight.....	19 ounces
pH.....	11.5 - 12.5
Residue.....	None
Rinsability	Complete
Shelf life	1 year
Spray pattern	Fan spray
Storage stability	120° F maximum

Directions For Use

Read the entire label before using this product.

Do not use on painted surfaces. Prior to use, test in a small area to determine suitability and safety of product. Note any color change particularly with old tile floors. Avoid prolonged exposure to sunlight.

1. Shake well before using.
2. Hold can UPSIDE DOWN and spray 6 - 10 inches from surface to be sprayed. Cover problem area with a thin, even coating. (Wipe immediately from painted surfaces.)
3. Allow to penetrate 3 - 5 minutes then wet scrub surface with cleansing pad or sponge.
4. Wipe off liquified finish with damp cloth or mop.
