

Concentrate

UNLOCK™

No-Rinse Floor Stripper

A powerful, fast-acting stripper that begins to emulsify most finishes upon contact, reducing normal soak times and removing multiple layers of finish with fewer passes. Dilute at 1:5 with cool water for Heavy finish build up. Dilute at 1:12 with cool water for Normal finish removal.

Uses

- Resilient tile floors
- Terrazzo
- Marble
- Stone flooring

Features

- Pleasant - No harsh ammonia or solvent odors.
- Powerful stripping action.
- Extended suspension of emulsified particles eliminates costly restripping.
- Powerful formula cuts through layers of old finish in minutes.
- Low foaming.
- Rinse free - No alkaline residue.

Properties

Color	Colorless
Flash point.....	n/a
Fragrance.....	None
Freeze/thaw stability	N/A
pH.....	13.0 - 14.0
Residue on evaporation.....	None
Specific gravity	1.029
Coverage.....	400 sq. ft./ gallon
Shelf life.....	1 year

Directions For Use

Read the entire label before using this product.

Recommended for removing multiple coats of water-based acrylic floor finishes from all types of resilient tile and hard surfaces. Not recommended on linoleum or sheet vinyl floors. Pre-test in a small area; color bleeding or discoloration may occur on linoleum, rubber tile, or asphalt tile. Sweep or dust mop floor to remove any large debris. For light to medium stripping, dilute 10 oz. /gal. (1:12). For heavy stripping, dilute 25 oz. /gal. (1:5) with cool water. Apply solution liberally to floor surface. Allow 3 - 5 minutes contact time. Be sure to keep surface wet at all times. Agitate with a low speed rotary machine, automatic scrubber or stripping machine. Pick up solution with a wet vacuum, automatic scrubber or mop and bucket and thoroughly rinse the floor. Allow floor to dry completely before applying finish or sealer. No flood rinsing is necessary if surface appears free of dust and residue.

Safety

Keep out of reach of children. For institutional and commercial use. **DANGER:** Corrosive. Causes Burns. Vapors harmful. Contains 2-Butoxyethanol and Monoethanolamine and Potassium Hydroxide. Avoid contact with skin and eyes. Wear chemical anti-splash goggles and suitable gloves and boots. Wear protective clothing. In case of insufficient ventilation, wear suitable respiratory equipment. Harmful if swallowed.

FIRST AID: Remove contaminated clothing immediately. Skin and Eyes: Flush skin and eyes immediately with large quantities of water for at least 15 minutes. Seek immediate medical attention. Ingestion: If swallowed, contact a poison control center immediately for treatment advice. Have conscious person take sips of water if able to swallow. Never give anything by mouth to an unconscious person. Do not induce vomiting unless instructed to do so by poison control center or doctor. Inhalation: Remove to fresh air. If not breathing, call 911 or ambulance, then administer artificial respiration.
