

SURE-PASS

Sure-Pass is a non-butyl, heavy duty traffic lane spotter and grease cutter that is effective in all kinds of soil over a wide range of dilutions. "Dilute it to your need." Sure-Pass is specifically formulated to perform well over a wide range of dilutions. This allows you to determine the optimum dilution for your use. This will save you money and time. A combination of grease cutters, detergents, emulsifiers, and solvents react quickly with most soils to prepare them for easy extraction. Brighteners and a lemon scent leave the carpet with a bright, clean, and fresh appearance with a pleasant fragrance. Sure-Pass is safe on most carpets and can be used as a spray shampoo for bonnet cleaning. It also functions as a hard surface grease cutter.

Directions:

Dilute 1:20 or less for heavy soil. Apply with a sprayer to the soiled area of carpet or upholstery. Brush after applying. Allow solution to set a few minutes to work before extracting. If stain persists, repeat process until dirt is removed.

HAZARD WARNING: Eye and skin irritant.

PRECAUTIONS: Wear eye and skin protection.

FIRST AID: Contact - Flush with water.

READ SAFETY DATA SHEET BEFORE USE.

KEEP OUT OF REACH OF CHILDREN.

DO NOT REUSE THIS CONTAINER.

Appearance.....	Light, tan liquid
Odor.....	Lemon
pH.....	10.5-11.0
Specific Gravity.....	1.05
Flash Point.....	None
Dilution.....	1:20 parts water
Storage.....	Store in closed containers
Freeze/Thaw.....	Freezes at very low temperatures, recovers with no loss of efficiency
Packaging.....	12/8 oz., 12/qts., 4/1 gal., 5 gal., 55 gal., 275 gal.
