# Flexible cleaning on a compact platform.

The Advance Adfinity™ with EcoFlex™ System is the mid-sized scrubber that could. An easy-to-maneuver platform, cylindrical scrub deck and traction-drive operation let the Adfinity keep up with bigger machines and make it a crafty solution for cleaning hard floors. Adfinity's EcoFlex System offers One-Touch™, flexible scrubbing modes to take on any cleaning challenge.

EcoFlex™ System "burst of power" mode

A wrap-around safe paddle system makes it easier to control and maneuver the machine.

Tools-free removable brushes can be easily changed.

Easy access rear-port features include the solution tank fill, a large recovery drain hose with pinch-flow regulation, and the solution drain hose which also functions as a solution level indicator.

- 1** Ergonomic, wrap-around handle ensures safe, comfortable operation
- 2** Large, easy-to-access recovery tank makes for easy clean-up
- 3** Front-fill solution tank accepts plain tap water and does not require pre-mixing solution
- 4** Center-pivot squeegee picks up 100% water on turns
- 5** Large-diameter, non-marking tires provide better traction

### Green

EcoFlex elevates green cleaning to a new standard – one that promotes good health and hygiene in addition to environmental sustainability. Efficient operation reduces all of the environmental impacts in cleaning—from the obvious (water, detergent) to the not-so-obvious (machine run-time and energy use).

### Clean

Maintaining a clean, healthy indoor environment for you and the people in your building is hassle-free with EcoFlex. Detergent use, pad pressure and flow rate are right at your fingertips. Operators won't have to hesitate to make adjustments for higher sanitary standards, different surface types or unexpected cleaning challenges.

### Cost-efficient

Flexibility means doing more with one machine. You'll save time, use fewer machines, and reduce water and detergent costs. Today's increasing demands for cost efficiency are tough to meet. Now you can do more with less.
