PROFORCE®

ProForce Specs

Power: 1320 watt / 11 amp

Airflow: 96 CFM

Static Lift: 84"

Weight: ProForce 1500XP - 18 lbs.
ProForce 1500 - 17 lbs.

Sound Level: 67 dB

Intercept Micro Filter®: 3.25 qt. / 248 sq. in.

Four Level® Filtration w/HEPA Media: 393 sq. in.
total media

PERFORMANCE • FUNCTION • RELIABILITY

Warranty*

3 years on parts, labor and motor.

Lifetime on molded body parts.

*see owner's manual for complete warranty details.

Advantages

Floating powerhead automatically adjusts to different flooring surface heights.

Automatic shut-off switch activates if brush roll jams or Intercept Micro Filter is not in place.

High performance dual-motor system maintains constant power flow to both the powerhead and the suction motor.

Ribbed interior bag compartment promotes cyclonic air pattern in filter increasing overall filtration effectiveness.

Electronic System Performance Indicator alerts the operator to a full filter, airflow restriction or jammed brush roll.

Wrap around bumper guard for protection of furniture and baseboards.

Easily cleans under beds and furniture with low profile, L-shaped powerhead.

Organically treated Intercept Micro Filters, along with our Four Level Filtration system, are up to 99.77% efficient at capturing dust mites, pollen, bacteria and other particulates measuring 1 micron and larger.

Light weight construction allows for easier operation and less operator fatigue.

Vastly exceeds all industry regulation testing standards set by the Carpet & Rug Institute and the requirements of the U.S. Green Building Council's LEED rating system on performance and filtration.

Easily accessible on-board tools with a convenient quick release wand for detail cleaning and hard-to-reach areas (ProForce 1500XP only).
